

# PRO-ON-THE-GO

*Available through Providers' eAcademy.*

## What is Pro-On-The-Go?

Pro-on-the-Go courses are micro-modules that take 10 minutes or less to complete that cover key procedural, behavioral and informational healthcare topics across the entire continuum of care.

## Features & Benefits

- Bite-sized refresher courses on important caregiving skills.
- Created for professionals who need up to date information at their fingertips
- Accessible via phone or browser.
- Designed to increase knowledge retention & application.

## Sample Pro-on-the-Go Modules

- A Self-Care Guide for the Clinician
- Communicating with Someone Who Doesn't Speak
- Crisis Intervention Techniques
- Setting Treatment Goals: Anxiety Disorders
- Social Determinants of Health: Social and Community Context at a Glance
- Transporting Clients Safely
- Suicide Risk Assessment Using C-SSRS
