

Celebrating 50 Years of Impact!

For 50 years, the Providers' Council has been the voice of the community-based human service sector in Massachusetts. We're excited in 2025 to celebrate this milestone that reflects the Council's enduring commitment to strengthening organizations and communities.

Founded in 1975 to influence public policy and support community-based services throughout Massachusetts, the Council is the state's largest human services membership association with more than 220 Provider Members and 65 Associate Members.

Together, we've created systemic changes through our Chapter 257 legislation, advocacy, and research and reports. **Together**, we've influenced and impacted workforce development through educational and training opportunities. **Together**, we've saved organizations hundreds of thousands of dollars with our Endorsed Business Partners and cost-saving programs.

Together, we've achieved this milestone and together, we will move forward for another fifty years and more.

Throughout 2025, we hope that you'll join the Council as we reflect on our **past** by sharing stories for "Throwback Thursdays" and celebrate the **present** by highlighting current members on "Membership Mondays." The Council is also planning to create a "50K for 50 years" scholarship fund to empower the **future** generation of human service leaders.

The Providers' Council's mission is to advance the interests of the human services sector and providers through advocacy, education, and engagement of diverse stakeholders for collective impact. And we can only do this - **TOGETHER!**

Thank you for all your contributions and support of the Providers' Council over the past 50 years, and we invite you to join us in celebrating our Golden 50th Anniversary!
